Foundation of ML

Assignment

By:
Prof. Moustapha Cisse

12/03/2021

Base on the content covered in today's class, you are tasked to the following:

1. Code from scratch the k-means clustering algorithm

2. Visualize the different centroids and clusters

3. Code from scratch the PCA algorithm

4. Visualize the result of PCA for 2 components

Note: deadline is on Tuesday before 09:00 AM.
